This directory contains a list of the community providers for Comprehensive Care Management's (CCM's) Medicaid Managed Long-Term Care (Select) members. The CCM Select network is comprised of hundreds of qualified professionals and long-term care service agencies in the following counties of New York State: Bronx, Brooklyn, Queens, Manhattan, and Westchester. All of our providers have met strict licensure requirements before becoming part of the CCM Select network.

How Do I Find a Provider in the Directory?

The providers in our directory have been organized according to borough and specialty. A few services that may be delivered directly in your home, such as home-delivered meals or home health aide service, are listed according to specialty.

The directory also indicates which providers offer wheelchair-accessible facilities or services for the hearing impaired or visually impaired. Please look for these symbols throughout the directory.

Do I Need to Use Plan Providers?

CCM Select uses a network of community providers to deliver many of the services that you need. Please talk to your Community Health Nurse about the type of services included in your plan of care.

With a few exceptions, you must receive all services that are covered by CCM Select from one of the providers in our provider network. You do not need to use plan providers in the following situations:

- You do not need to use a plan provider in an emergency. In an emergency, call 911 or get to the closest hospital, emergency room, or doctor's office. Once the emergency has passed, please contact CCM Select as soon as possible so that we can make sure your health care needs are being met.
- If you need a service that is covered by CCM Select, but there is no network provider with the specific expertise that you need, we will find a provider for you, even if he or she is not in the network.
- If you are receiving health care services from a provider who is not in the CCM Select network when you enroll, and that provider agrees to work with CCM Select, you can keep seeing this provider until you finish your course of treatment, or up to 90 days after enrollment, whichever is earlier.
- If you are currently getting treatment for a health problem and your provider terminates its relationship with CCM Select, you can keep seeing this provider

- until you finish your course of treatment, or up to 90 days after the relationship ended, whichever is earlier.

Can I Choose My Own Provider?

You may choose a new provider at any time. The easiest way to change providers is to ask your Community Health Nurse for help. If you make a change, please tell your Community Health Nurse so that she can keep coordinating your care.

Can the List of Providers Change?

Yes, CCM Select may add or remove a plan provider from the directory. This provider directory includes all provider additions and changes received at the time of publication. To make sure that a certain provider is in the CCM Select network, please call our Member Services Department at 1-888-878-8701 (TTY users should call 1-800-650-2774) Monday through Friday from 9:00 AM through 5:00 PM. You can also call your Community Health Nurse for more information.

How Often Will I Receive a New Provider Directory?

We will send you an updated provider directory every year. However, please talk to your Community Health Nurse if you ever need another copy of your provider directory. You can also call our Member Services Department to ask for a copy.

If you have any questions about the information in this provider directory, please call our Member Services Department or speak with your Community Health Nurse.
